**The Mind Heist**

23<sup>rd</sup> December 2011

Dear J C Sum, 'Magic Babe' Ning and members of Ring 115,

As International President of the largest Magic organization, in the world, I am very enthusiastic and intrigued at your attempt to read a hundred minds simultaneously. This should elevate the Art of Magic to a higher level and set an unprecedented record.

I would like to congratulate you on coming up with such an innovative concept for a magic event that has captured the minds of both magicians and the public. You seem to set yourselves an impossible task but I have confidence that you will succeed.

I am proud to make part of the magic community that uniquely embraces an art form that produces a sense of awe and wonder among its audience. On behalf of our approximately 13,000 members in almost 400 Rings around the world, I thank you for advancing the Art of Magic through your magic event and wish you all the success you deserve for "**The Mind Heist**".

Best wishes also for the New Year.

Sincerely

VANNI PULÉ  
INTERNATIONAL PRESIDENT 2011-2012
